

# UTILITY BOXES

## SERIES 1800

Screw or snap assembly depending on type

This series of utility boxes is very suitable for assembling of in-door electronic devises. Furthermore they are ideal for complete or partial potting.

Moulded in ABS and as standard delivered in grey or black.

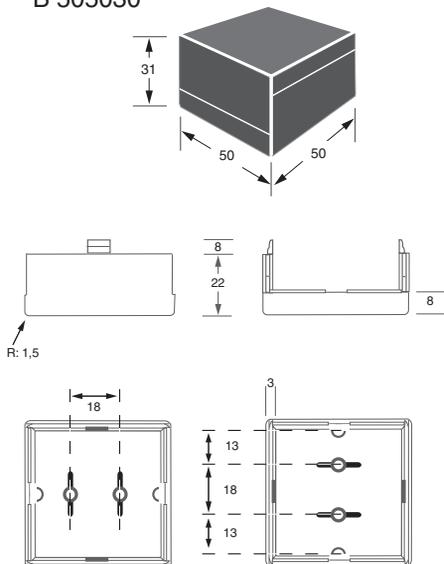

Other colours are available upon request..

Six different sizes are all easily assembled by means of a snap-system or *self tapping* screws.

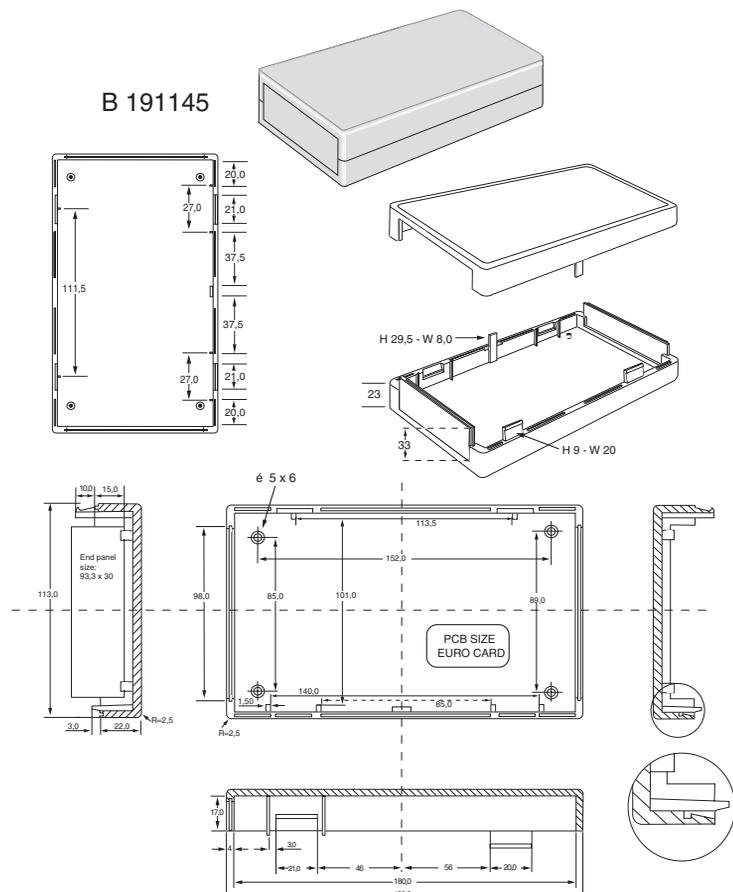

Can be supplied drilled, printed, EMC coated, etc. according to customer specification.
